### ElonMusk, Rest of Standard Mixfixir Unit,

#### You and I , were put together:

- to Survive in Evolution of Skills per OPCS during WO3, the Bioweapon Genocide.
- to grow on Inner Horizon in Mirror in Orbit, where God is active in Steerstave on Lightring in our Full Human Body. Individuals move.
- to balance eachother; we both have learned 'a Lot; against our Will and against the Odds'.
- to pass 'Cowards Behavior Rituals and to Refresh management on    
- to Refresh Economics in Legal situation.
- To bring the War-mechanism on table , per person.

**Elon, we are both in Higspeed Evolution...despite our age.**

**Age is important.**

## **What did we learn per Yearring on the Fine Line between Borne & Learned behavior:**

**which part of our Knowledge in Evolution will be recycled in Universe.**

## **After Life as Human being?**

**This is the Relevant Question for Today.... now we are stocked in War-making by all Country managements.**

Forced to be with our Inner Spaceschool, we are suppose to bring the Evolution on the Table.

For Problem-solving 'beyond our private capacity'.

We are in Book 3, where majority of Mankind is in Book 1 or 2.

You are blinded by Book 8 or 12... for Rocket making. Robot Skills.

You have forgotten to make Mankind in Book 1 grow along , into Book 2 and 3.

Mankind is reluctant to make sure that Individuals grow alongside with the Smart-runners.

Springsalt Mixfixir will balance this part of Evolution of Indifference...coming years.

Evolution of Narcissism must be passed; the Inner Horizon Walkers must put this Rolemodel on Table.

Gobetweens are re-grouping.

Past months, on Youtube 'more down to Earth Psychology is published in video's'...

passing the video's about Standard Narcissism.

Those video's about 'Decisions the Man makes', for example.

**Gobeteens are Regrouping.**

**Whether we like it or not.... we are still in a leading Management Gobetween Spaceduty.**

**This is about 'what needs to be done... not what we want as Individuals'.**

**Here... I am the EQ-mirror, where you are the Flexibility-mirror.**

.....

**For you - Elon - the Individual Survival is about 'disconnecting from Americans ' Country-management'.**

**There is no Security in USA anymore, due to fact that International Law is binned / shredded.**

**Here you teach the Young Humans : 'Never to let yourself be brainwashed'.**

**I pull you 'Out of Being Brainwashed and shovel you into Evolution of the Needed Behavior'.**

**Here, I am a fragile Woman... 60 + years .... and Showing the Young**

**'not to be afraid to work from Own Particle Cloud system with Torture Treaty for Survival'.**

**🔑 ? You are 'suppose to be Ready for this Torture Treaty Country-management , Musk'.**

**Its the only way to disconnect from Blackmarket under AI-agent.**

**Truth on Table and Torture Treaty Solution, for Problem-solving.**

**Accepting that all Images 'you saw for a blink moment in Book 8 - 12',**

**are only Roadsigns ... and not full Programs on Table.**

**Your Megalomania was a Traffic-sign.**

**Can let go of this now... if you want to Stay alive.**

**Thats the Individual Personality Bounded Question:**

**'Do I want to stay alive ... or do I want to talk about Staying alive'?**

**Here the Evolution about Knowledge for Skill distribution is:**

**'Which parts in My Behavior are gone; Old-fashion... and when can I let go of them'?**

**Your Musk - the Trillionair Robot Version of Dzjengis Khan - is gone.**

# **When you try to keep the part in your Deep Self alive... for SpaceX IPO...**

**you are trying to block**

**the Evaporation Evolution that takes place in Earlier Yearnings in OPCS.**

**Your body has been cleansing, past time.**

**I shovelled the Space bathroom mechanism into your OPCS - because I can**

**and I know from My Book 8 - 12 glances... that Young Humans must observe this Growth process.**

**My Kiwi 🥝 🐤 🚀 🌀 🧴 🌿 🍂 🎈 🍀 🐎 comes alive; have accepted the Evolution of Evaporation on the table... finally.**

**Have you accepted the Evaporation parts inside your OPCS?**

**Can you put on the Table 'what you don't want to do anymore... in exchange for Investments for Musk-office'?**

**Can you make the choice for Evolution of Love in Eye of Public?**

**Can you be the Man you want to be...**

**and shovel the Fellow Individuals into their OPCS for their Own Problem-solving;**

**on their Own Merits? 🧑 🛌 🧴 🏠 🌀 ⚠️ 🧴 🧑 📱 🌻 In Refreshment of Economy with Individual Justice?**

.....

**We both thave made the choice - past time - to take the risk of being killed.**

**Are you ready to accept that USA Security doesn't exist; in general?**

**Can you put this on the Table, 🧑🧑 with me?**

**Can you do all the work that needs to be completed 'to Survive this Part of War'?**

**Country-management is not: 'Wargames Lifestyle for Money-raking with Bully Behavior'.**

**Some Humans can Glance into their Private Books 8 - 12 or 16 to, for a Moment of Time.**

**Unlikely that their Futures are in Wargames' Evolution of Psychose for 🌍 🌐 🌌 management.**

**Past years 'I made you a Calmer Man'.**

**Now its time that you prove 'that you can be in My EQ world for Fresh Economics'.**

**You are suppose to... I know , now I still communicate with you.**

**Today, you will Twist & Twine inside your OPCS, on your Inner Horizon.**

**Its about 'Space bathroom Cleansing per Yearring'.**

**Letting go of Old behavior... now It has no Role anymore on the Fine Line between Borne & Learned Behavior.**

.....

**I will publish this email on <https://mixfixir.info/saint-school-manking-makery-blueprint-meridians-merits>**
