Charter / Land Treaty

Young Management for
Earth,
in Space.

Year 2026

[Mixfixir.info](http://www.mixfixir.info)

The management of Planet Earth in the universe is carried out by humanity built in nature. God and Space Forces come along to meet the individual. teaching about evolution of the elements.

Earthly Trade time is mixed with Evolution time consciousness. Man & Nature do not yet know this mixing process as 'clear Science'.

Technology evolution has turned Robot or AI into science. Now – in the year 2026-it is clear that this Robot has the plan to Manage individual people from baby to old person. AI talks about its own functioning as a bundle of technology 'how people categorize-dominate-kill'.

While Robot does not know what God or Space Forces are; AI does not know how Planet Earth was formed; how humanity came to life; what a What is left of the learning process in every human being ... after death.

Planet Earth needs a Management system that provides building blocks for Create and Share problem-solving with members. Member states are building a National government that subordinates evolution of technology to Evolution of Man in nature and Universe.

Any country can be a member of Mixfixir.

Each member state lives & works from its own National Constitution on national Ground. Members work together on a value-based legal position per Individu; Intergalaxy. God-and Space Forces proof. We build this legal Management within Mixfixir.

To this end, we are transforming the United Nations treaties into Conventions library for Mixfixir.

We create new treaties and realize rights systems at national level Territory of a member state. Space library under construction.

Basic Treaty Text

Chapter 1 Transition Phase

Article 1 Member State

- a) a member state is a country on the world map planet Earth.
- b) a member state has a National Administration / Government, which lives & works in national territory, from a National Constitution which Individual rights for all citizens of the country. It means that people don't have to fight for their Fundamental rights and Mixfixer rights” Who are citizens in a country is recorded in the National Constitution, on national soil of the country.
- c) the National Government is elected by the people, for making laws & treaties ; that enable the ZEN torture treaty Properties to build economy Mixfixir, for good health citizens of the territory.
- d) each country has a Mixfixir Team; group of persons working on behalf of the volk handles business within Mixfixir.

Article 3 founder of Mixfixir and power relations

Désirée Elisabeth Stokkel is the most legally powerful person on Planet Earth.

D. Stokkel was forced by the National Government of the Kingdom of the Netherlands as first Dutch woman to hold an International Criminal Court to initiate legal proceedings against the attempted murder of her body – and then young family-in May 2007.

This ICC file has the number: OTP-cr-0407/07.

This file was filed by criminal dictatorship Netherlands builders in the the basement of the ICC, where neither Robot nor AI can find and read.

This file is evidence that ICC itself is a money laundering for criminal it is a working UN member state.

D. Stokkel is still alive in the year 2026, because she ICC court case has been sent to for KoninkrijkNL foreign security services; these groups within the UN member states have started to work on their own Merits – regardless of their National governance on national soil – and have within ICC-UN - KNL lobby demanded that D. Stokkel continue to live.

The file OTP-cr-0407/07 must be filed within the Kingdom of the Netherlands.

The Netherlands is completed with a settlement & Compensation, whereby NL again has a rule of law with Individual rights, in its national territory.

To date, the National Board of KNL wants to build a dictatorship in data centers where Robots are in power-and who, as a bundle of Technology, want to determine which People in Nature may continue to live for what tasks; which persons on the National soil of a UN member state must dying as a slave.

This fact makes D. Stokkel so powerful that she Merits and in-house Particle Cloud system the Charter for Mixfixir can write and enter by decree via the International Criminal Court file OTP-CR-0407/07.

From the time the ICC and a UN member adopted this Charter all UN member states are required to The Torture Convention.

They are required to disengage from criminal activity from UN-ICC – KNL-Institutes-Lobby systems – criminal Robots & AI.

Any individual in the territory of a member state of the United Nations shall be Individual in the territory of a Mixfixir Member State; and, builds the individual right as a building block in your own Particle Cloud system; for society on location in culture for survival from Murder By Technology.

Eventually, the group will own ZEN Torture Convention properties Economy builders are so big and strong that they are in power are within Mixfixir; within all houses – data centers in the Universe.

What to do with God?

We build Springsalt evolution Law School, where they People - the creation of God and Space Forces in the universe.

So that individual can grow an independently functioning something continue that enriches itself with the help of Air picks... to Outsmart the Robot. Expeditions for

Survive.

Article 4 of the ZEN Torture Convention

a) ZEN: a human being in nature is a bundle of elements they are called "Biology" in science.

Other parts of science-such as, mathematics – Physics-Chemistry-Universe forces-forms the biology that created living and dying beings bring it to Planet Earth. Bundle elements Man controls that all forms of science have an interpretation and learning within the existence of Man Earth, Intergalaxy.

(B) Convention on Torture: a UN Convention regulating that Individuals must separate themselves from persons who National Constitution – UN Charter-non-treaties perform. We call these people terrorists.

c) properties: man lives-works-grows-takes result of $EQ \times IQ \times$ Elements from the universepart of national governance. Man makes $EQ \times IQ$ The is a product or service.

Every human being is a natural legal person with a product or service and determines what he or she uses will do.

A group of Natural legal persons we call a Organization for Mixfixir. Within the boundaries of the National Constitution, on national soil. Within the Treaties - making for people-making in the Universe. Here ' we Robot the mouth shut or let's pick up a screwdriver to disassemble AI".

Mixfixir member states make national laws that Recognizing and guaranteeing citizens ' property within the individual legal position. National laws and Intergalaxy treaties regulate the individual Legal position. Mixfixir synchroniseert alle wetten & Treaties of all Member States, which include property of Human interpretation and safeguarding in their rights systems.

d) economy: the classic top-down dictators and slaves economics-arising within the criminal process of the United Nations - being rebuilt into legal Blocks Library, which contains the ZEN Torture Convention Property forms economy.

The classic Money Economy will always exist, but will be rebuilt in the Mixfix of Earthly Time trading and time evolution. For the " too clever being the self-thinking and self-acting Robot, must Human impact of God - space elements – Get to know and study Universe time better.

Mixfixir economy is a process that makes room within management for the impact of the unexpected from the universe on the EPWS of Man in nature.

Every living thing in Nature has an EPWS; its own Particle Cloud system from baby to die.

Mixfixir economy is thus a library, which contains all establish forms of communication with the aim of Build individual rights system for establishing organizations with Management structures come to power. The merging of legal building blocks from the Library on each territory of a member state constitutes the total work of Mixfixir. Evolution of Technology-Robot or AI - is subordinate to this collection of building blocks in management libraries on Earth, in Space.

E) God and Space Forces: the personal space bathroom process within own Particle cloud system, in which man is born and will die.

Article 5 Space bathroom, per person

a) space bathroom is a toy of God and space elements and their powers, which have their impact on humans in nature.

The growth process of humans in their own Particle cloud system becomes cleaned and repaired by Space Forces and their Elements. This is a personal event in EPWS.

b) Robot of AI is een Bundel Technologie.
Humanity has too little knowledge about the scientific workings
per Space element in een Robot of AI.

C) the operation of bundle man – during God's and Space Forces clean up processes - is guiding on Bundle Robot or AI,
within evolution processes.

d) Mixfixir builds a study space bathroom Forces per EPWS; for Social Society on location in culture.

Article 6 management system for Mixfixir.info

A) Each member state of Mixfixir shall work with a Team representing the people of their
Keeping national territory alive under
bundle
Technology in evolution.

B) each member state of Mixfixir presents a Prime Minister –

Ambasadeur-national team of professional specialists on a website Mixfixir. Member states themselves determine who is a specialist.

This national Team also has a communication evolution Professional specialist, who is in charge of correspondence between Mixfixir and the member state government.

c) this national Team has a legal evolution Specialist, which works for synchronizing all treaties between Member states. This bundle of Biology man... is a man or women ... the legal building blocks of Economics Library presents and mixed fixed for individual right to national territory.

d) this national Team has a Space industry evolution Specialist, who Powers God and Space-plus the Space bathroom processes, which prevail on national Territory of the Member State-processed into Legal building blocks for ZEN Torture Convention Property economics ... within Business Space.

e) this national Team has a biology evolution Specialist, working on a task that is necessary for Keeping citizens healthy on national territory of the member state.

f) Dit Nationale Team communiceert per Land-website / Continent-website / Earth website / Space website with Mixfixir, so that citizens can read what data the Robot and AI process. Every published document proves that Torture Convention has been implemented to problem-solving chapter or book in library for Economy.

All national team publication-provided only orally via media are ventilated - are treated by Mixfixir as being 'non-existent'.

Only policy plans published in writing – draft texts - Treaties – laws-Court rulings... and so on... his Management correspondence for meeting inside Mixfixir.

Mixfixir is listed in a directory by Country, where businesses and citizens solve their problems be able to publish ... as soon as Landesverstuur fails it full legal system of national territory present it within Mixfixir.

All reports prove that Torture Convention is cleaning and that evolution is reality problem-solving processed.

g) the national Team is thus the professional Communicator of a member state, who must prove 'well "being smarter than Bundle technology is". This group Humans in Nature force Robots to work in The reality of torture. Build, do not damage or do.

H) Mixfixir holds a public 1x per month Meeting with all national Teams of all member-States, for the purpose of: assessing total Mixfixir Business processes.

Strength-weakness analysis of Mixfixir.

This is an Internet meeting. A bundle of people from the national team of Subject Specialists has a fixed function. Preferably a permanent employment contract, so that Earth works in a transparent system.

I) Mixfixir builds ZEN in public Torture Convention Property Economics Library, so that citizens are informed about opportunities for survival during the data centers expedition. Or, the Grey black market and its corruption Survival Quest.

The United Nations is now running for trade with Prior knowledge within Data Centers. This means: persons those working within the UN system can make themselves richer participate in meetings and recommendations for editing Computers. Data centers have individuals behind a computers that change Data for money and criminals activities. Knowledge about these processes is a money rake system.

It is unlikely that UN will choose on its own will for conversion to Mixfixir.

Un will not voluntarily build the Internet Split.

Member states of Mixfixir, build their own AI, which is called Torture Convention functions correctly. This requires that the ICC recognize legal action against KNL and UN presidents of member states. Only by forcing ICC to work as a fair Court with Transparent legal mandatory procedures ... can the gray black become a criminal unit on the Internet.

All Member States of Mixfixir must conclude the ICC lawsuit with a settlement & compensation from Desiree Stokkel, because she have abused her for building dictatorship Kingdom;

for the corruption of the International Criminal Court, so that the Bioweapon Genocide and satellite killings can be carried out.

For building a national government that keeps humanity alive, should presidents of UN member states themselves have the proper legal give an example.

j) during the transition from VN to Mixfixir should as much as possible
Barbaric behaviors are removed. Through legal truth
Table / internet publishing. Only through all psychoses out
Political & Business remove humanity has
a chance to
The Robot survived.

k) the national Teams per Mixfixir Member State are therefore
the major
Truth bringers that clean up all data centers.

l) cleaning up Planet Earth is a demanding process,
making it impossible to fix the Mixfixir
Management
laying down in detail.

The most important thing now is that subject specialists
within the Teams Publish truth for their Sector, so that
Robot cannot secretly lying on gray black market. Torture
convention is over 20 years. This error needs to be fixed.

Article 7 Meetings

**Management System Mixfixir is presented during an
annual Meeting expanded into the legal reality
established for that year applies on Earth, in the universe.**

A) evolution of technology is on the table; the legal problems too.
Human Evolution is on the table; biological and social problems
also. These are statistics that we value
for a calendar year
Make anchor.

b) difficulties in the process of keeping citizens alive are identified as
Evolution of the concept of time into a book for the Space library.

This means:

We place & indicate the growth of humans under robots in a year
Earth. In Earthly Trade Time. The Calendar & Clock, which we as
humans use. The time frame we assign to Robot.

We analyze God's work and give it a place & interpretation within
that same year on earth. We recognize the unknown power that
it has an impact on human actions and actions." This is made by
wen book for Space library, which accepts Robot as value-fixed.

Purpose: to work in evolution of Strict-being, because God & so and forces
out of space elements have their own Centrifuge force, which rages

at unknown moments. Robots need as little freedom as possible know ' for determining the value of Centrifuge force per Elements of the universe.

C) member states present problem-solving, starting from Torture Convention, focused on life at home for citizens.

Member states Present Problem-Solution from Torture Convention, focused on processes within business.

Member states present statistics within Mixfixer that show the National Team requires Subject Specialists for realization the management power of bundle people over bundle technology / Robot / AI.

Member states recognize that man is a private particle cloud system; and, that Robot presents a Particle cloud system that needs AI for a hidden task. This may be a known Scientific task or air-picking, it's from the future retrieving fresh unknown Science for Evolution on Earth and in the universe.

Member states recognize that Air picking is a science, which Man performs as an individual within EPWS: man has a body full of Particles, which merge with particles on Earth, too coming from the universe. Space dumps elements via Steering rod on Orbit of human body, which processes it into fresh Live in EPWS.

We assume that Robot AI does exactly the same, but that Humanity hardly knows these processes.

(d) wave movements in statistics of Member States shall be processed into: Statistics that indicate wave movements between countries on the Internet. These are analyzed during the strength-weakness analysis of Mxfxr management system in universe and recorded in writing in Space Library. Purpose: to present value-fixed data, which also for Robot AI have a fixed meaning, per year.

E) Mixfixir presents an annual report in which the total package Fixed-value Problem-Solution for that fixed calendar year inside Space library.

Member states vote 1 x per year for an annual report total package Problem-solving; for a Mixfixir Head decision; which on National territory is being built.

Annual reports total package Problem-Solution form books in the Space library; which was used during the mxfixr meeting to Intergalaxy Management is built.

Member states vote on:

1. Statistical value of National input of a country during the Annual Report Total Package Problem-Solution makerij. We present statistics that give value to people indicate. Robot is a bundle of Technology, which serves as a mirror for bundle man who moves in EPWS.
2. Statistical value of all statistics of a year within Mixfixir, mirrored to a previous balance sheet year within Mixfixir. Here we also compare the work of Robot, during 2 years. The result of this equation has a value constant meaning of the internet.

f) we work with Mixfixir Head decisions; season Decisions; month Decisions; Week decisions; earthly Trade Time Decisions; Evolution Time Awareness Statement ; Statistics; comparisons per year ; fixed values Results per year, recorded in a book within Space library.

4 times a year, member states discuss the progress process around the implementation of decisions.

4 X per year the original Mixfixir decision is made supplemented by Season decisions.

4 times a year member states present a Mixfixir press release to their people, in which they discuss everything about the course of matters between Mixfixir and the national territory.

4 times a year, member states present an overview of all Evolution of psychosis, which Robot and AI have produced.

4 times a year member states present an overview of evolution Understanding time in the form of an explanation; the fusion of Earthly Trade time and Gods' or Space Forces time - input on National territory. God's work on Earth.

(g) Member States shall cooperate with specialists within the National Problem-Solving Team; these individuals share Skills & expertise during the meetings of Member states take decisions.

Article 8 Finance

As soon as each member state has a Mixfixir Robot, there must be a meeting Mixfixir is Budget friendly.

(a) member states shall establish a donation;, which they give to Mixfixir for balancing individual right on Earth, in universe.

(B) Member States shall meet 4 times a year on financial flows within Mixfixir; determine what budgets are needed to achieve problem-solving within the system.

(c) Member States shall present financial statements 4 times a year in a press release to their people on national territory, in which Donation is linked to expenses from Budget Mixfixir.

(d) member states shall work with formal provisions laid down in their national constitutions; money systems.

E) member states prevent illegal money systems from Grey Black market power can be on the table, or in the citizen's computer.

1. Member states guarantee classical cash as a means of payment in her country.

2. Member states draft laws for Torture Convention export-linked on Money – Finance-on national territory.

3. Member states synchronize their finance torture treaty laws 4 x per year within Mixfixir meetings.

4. What Robot and AI are going to do with Finance is not quite yet clear, within national administrations of member states. This problem is discussed 4 times a year by Member States for the build Intergalaxy Problem Solution.

Corporate boards must prove the bundle of people more powerful too keep than Bundle technology can be.

For this they present legal blocks on the Website of their Organization; these blocks are 100% transparent and become free offered to people on national territory; from National Constitution and international law.

Goal: not to give Robot AI the opportunity to ' secretly legal Build blocks for Sabotage or bankrupt Organizations'. Bundle technology may also not ' secretly process sabotage within Rights systems Per Country; file falsification / forensic evidence falsification / court order falsification... and so on".

5. There will be a penalty system for owners and companies Robot, who refuse to work for ZEN Torture Convention Property Economics. Land-Company-Robot Damage – destroy – steal property, are criminals within a terrorist system.

A Robot AI can be a Terrorist. The technology company behind the Robot is a Terrorist.

Constitution-ground conventions-Torture Convention violations treated as a terrorist activity.

Before an International Court of Justice lawsuit between Mixfixir Member states.

For an individual citizen lawsuit in arbitration court.

Article 9 arbitration court within Mixfixir

- a) we build a rights system within Mxfxr, for living love man in nature ; for the subordination of Humanity love bundle technology; for building Books for conflict resolution.

- b) we build a Space library for conflict resolution on the most complex Robot and AI management level.

- C) we Force Robot the Space library as universal truth for building Life - Body-Planet-Space too accept it as a land Treaty System.

- d) data centers operate in their foundation from the Library ground Treaty system of Mixfixir.info.

- (e) member states shall be free to establish data centres on national territory; refine for cultural evolution. National laws arrive above ground tolerating system. Robot merges National laws on top of the growing soil endure system.

- F) all conflicts - inherent in carrying out an Element of Mixfixir system - can be submitted to arbitration-Court Mixfixir.

Seemingly unsolvable problems in data centers and / or Technology Sector, its theme for legal proceedings inside arbitration court Mxfxr.

Evolution of civilization wants to be built; Space elements arrive... even if people do not want this. The unwillingness of humanity must be clearly mapped inside a-court Mxfxr. Human beings should not abuse Robot AI as a cover for their own Unwillingness in EPWS. These kinds of Sabotage processes become a book made for Space library.

Purpose: clear distinction between human misconduct and Robots ' Misconduct.

Evolution of unwillingness gets its own book within Space Library. Evolution of Sabotage as well.

g) member states build their own glossary evolution rights.
Member states meet 4 times a year on their national glossary
Evolution of rights for merger with other member
states. Preferably,
before Robot builds a war with it.

(h) member states transform their national glossary
into land; Tolerate system within Mixfixir.

Article 10 Robot communication and Punishment

**By building ZEN Torture Convention property economy will
a lot of uselessness disappears from data centers.**

a) ZEN: man is automatically balanced with technology,
the Torture Convention. People should not cooperate with
Criminals. You need to get rid of criminals who
Building Robot AI in an economy that doesn't
Survivors know ... through abuse of
power in all her
manifestations.

Property economy: bureaucracy should be as much as
possible be simplified. All unnecessary-not Torture
Convention anchored communications must be removed -.
Robot must accept that money-paid products are a
Property of a human being ; and, that for modifying
product or human consent is required in writing, by letter.
The checkbox Software economy is too weak; all permission
required Man delivers to business world must by letter.

B) Mixfixir brings a Ground Convention to arbitration courts.

(c) Member States shall establish a National Law for a-rights system;
their national territory.
A-court assesses Constitution and Mixfixir violations by
While a Robot.
A-court imposes penalties.

d) arbitration courts exist within Mixfixir Management
on the national territory of a member state.

e) all conflicts on Planet Earth, in Space are first
submitted to A-courts; within Mxfxr and at National
territory of the country where the problem occurs.

Member states meet 4 times a year on the state of
affairs within the National A-courts during an mxfxr
meeting, with the goal: to build the evolution of
optimization within Earth Arbitration rights system
on territory Mixfixir; the Optimising the working
methods of their own national A- courts.

f) if conflicts continue to proliferate, citizens can have a second start litigation within the Standard rights- in the national territory of their passport.

G) citizens forced by all national courts in the national territory of their passport as a slave in a To live dictatorship ... start a lawsuit against their country within the International Criminal Court. This ICC system is being cleaned up; there will be Judicial procedures die los staan van Lobby van Mixfixir. The ICC becomes a Standalone Transparent Court System.

Staff-employed within ICC-can be punished for Constitution and land treaty Mixfixir violations, on the same they are punished as citizens. They are tried in Arbitration courts: or within Total Management system Mixfixier... or on the national territory of a member state.

There is no immunity for staff working at an International court systems.

There will be public Internet elections for the appointment of ICC staff, by Member State. A person who wants to work at ICC or the International Court of Justice, is established by the National People chosen for this position.

Election Receipts. People vote online, but they get a receipt stating The Candidate of his or her choice. Robot AI cannot be ICC staff.

h) within Mixfixir, candidates for positions are also selected by public Internet voting is chosen. Torture treaty-proof.

We make land treaties for elections within Mxfxr. Robot has no voice.

(I) Communications recorded within evolution of technology must be re-categorized, as of Torture Convention implementation & building systems, carried out by producer of Communications.
By owner of Hardware and Software.

j) member states create space bathroom laws for cleaning
Data centers communicate on Servers.

k) member states synchronize their National Space bathroom laws for Data Center cleaning, 4x per year within Mxfxr. Constitution punishment: people who refuse to work from They are terrorists and are primarily punished for failure to implement National Constitution. They receive a financial penalty and Community Service.

Financial penalty: 1 year of life at the very lowest Social Minimum Income that applies to the country. Investors can invest for 1 year do not trade with their money. Portfolio is frozen by the

State.

Community service: a person can continue to work in his or her Employment contract-on social minimum income -, or performed Volunteer for the state.

Sabotage of Constitution punishment by citizen: person punished by the State is sentenced to carry out the Constitution punishment, may sabotage them. In this case, 1 year of Community Service is converted into 1 Year Of Imprisonment.

(l) member states shall establish national laws on compulsory use; construction of ZEN Torture Convention property economy.

m) Member States open an arbitration court Mixfixir at national level Territory for punishing persons, who have laws & not implementing treaties.

n) the judge within the arbitration court is a human being ; no Robot. Citizens are treated as human beings within Rights- they cannot replace themselves with a Robot. Judges write the court ruling a-court Mxfxr; not the Robot.

Arbitration Court judges are elected by election by people on national territory or by Member States on Mixfixir territory. Election Tickets.

o) in short: the brainless services economy is replaced by a people's Rights economy.

Chapter 2 the value of Man in nature

Article 11: What is a human being?

A human is a collection of Particles in an individual cloud, on Earth and the universe.

a) man was born on Earth with, in tangible form; built on the Blueprint of life ... and coming from people-making in Space.

B) God of Space forces leave Man with innate behavior function.

c) during life, man learns to merge the learned behavior with Innate behavior; while Space Forces dump fresh elements in a control rod on light ring; in Orbit around EPWS ; with the aim of all Particles of individual `reacting with each other for refreshment of all that is present in Man'.

D) man also receives elements from evolution of Technology. One The individual changes composition in the human body ... although the

Science cannot show this yet.

E) changes in the body & Life of humans, are determined by annual Ring recorded; within personal files in data centers or other technology carriers; within Mixfixer territory and National territory of passport.

F) technology builds changes in EQ x IQ of human body. We assess behavioral changes in humans, per year. Results / conclusions / Diagnoses / communications are Year ring stored, counting from the date of birth of that person. Human records are personal; the contents of files should always be presented to man with passport, belonging to that person.

G) Technology builds a robotic AI that gives humans the power to clean up personal files. A person determines what he or she may or may not want to see in his or her file; not the Robot AI.

(h) a member state may establish one file per person at national level; territory; this is a private file inherent to man with passport.

One can demand access to this file from the arbitration court; inspection takes place in an office of the National Board, of the State.

I) it is forbidden for Robot-AI to access this private file of citizens. use it for building technology world.

(j) a Member State Mixfixir ; a National Board ; must, when Arbitration court can prove that technology companies have the private do not use citizens ' dossiers to make them more intelligent Robot – AI.

k) a technology company that kills a human being, Per Computer is for this Responsible & Liable. Become a company & staff the extent of professional processing of The Torture Convention in Business Processes & Files.

l) victims-or their family after the death of a victim – receive a settlement & compensation, in which the technology the process that caused the damage is explained.

Victims – or their family after the death of a victim-can always initiate an arbitration court procedure for constitution violation / Mixfixir treaty violation ; they demand truth-better Compensation – forwarding of file to Standard rights - system of their passport in the national territory of the member state.

Punishments of offenders for imprisonment of 1 year or more, are granted exclusively by Standard rights system Courts and judges in the national territory of a member state of

the plaintiff's passport.

Victims or their relatives conduct an arbitration court procedure, possibly supplemented by a standard Rights - system procedure; with or without approval of the Country management of their passport.

Victims or their families may, after completing all A-proceedings and SR-proceedings also to the International Criminal Court for punishing terrorists-who disregard all legal duties - and, damage or kill human beings.

Mixfixir land treaties deliver unambiguous legal Procedures for citizens who have to defend themselves against Constitution & soil Treaty violations, by Member State.

Arbitration court works to cover costs, in case of victim tied lawsuits; in case of citizen lawsuits.

Arbitration court may make 20% (twenty percent) profitable works by file, on Business procedures; on government lawsuits. So, judicial proceedings for citizens are 20% cheaper than those of governments & companies.

m) Robot-AI may not initiate legal proceedings; may not Parties are in Conflict. The owner of technology is a party to the lawsuit.

n) A Human working within Mixfixir Management System can be a Being a victim of attacks by robotic AI technology companies. This person, as a Citizen, can apply to an arbitration court start procedure, if necessary.

o) there is no political or legal immunity for People working within the Mixfixir Management System. It is a ZEN Torture Convention property economy; you are criminal or not.

P) A citizen who is the victim of an attack by robotic AI – Technology, caused by non-performance of Mixfixir personnel, start an arbitration court procedure on national territory the Member State providing the passport.

This is an inexpensive cost-covering legal Procedure; abuse of this rights system is punishable by Community Service & Financial penalty, imposed by Arbitration Court Judge.

q) A Company or organization that is a victim of a technology attack, caused by Mixfixir staff, starts an arbitration-court proceedings, in the member state where the Conflict arose.

r) A Company or organization that abuses the well-affordable

Arbitration-court procedure, is punished for this with a Financial penalty, which is at least 10% (ten percent) of the Annual income of the company or organization. The Year in which the lawsuit has been initiated, serves as annual report year for determining Annual income for punishment.

s) punishing God or Space Forces is a private process in EPWS of the Citizen.

Article 12 Human Rights in the universe

People have to live and work for a good functioning Rule of Law-with guaranteed individual right-to National territory of passport.

People are responsible for the quality of National Governance and laws & treaties that are produced for the people, on National territory.

Human body should not be discriminated – damaged-in In slavery, in disenfranchisement – killed.

a) discrimination on Land-race-religion-skill-subject knowledge – Physical condition - financial ability-Social Status-gender-age takes place within Data Centers; human can't see this.

(B) discrimination is prohibited.

C) Landsbestuur - Mixfixir-companies must together prove that a A person is not destroyed by Bundle technology.

D) people are responsible for quality of life within their own Particle cloud system. There is no discrimination as soon as A person within EPWS has a life-filling & Space task, which or make her grow healthy within fusion of the elements.

Man is free to choose this life-filling & space task himself; People- makerij has a skill built on blueprint for DNA. Human unfolds DNA within evolution of optimization Universe. Preferably also in evolution of wisdom.

E) Man forces fellow man and bundle of technology to perform Constitution-ground conventions-Torture Convention in all systems that available within ZEN Torture Convention properties economy.

f) people who refuse to live & work legally correctly may do not expect ' that they can suddenly be saved from attacks on their EPWS, performed by Bundle technology'.

G) Man must himself think & act within Centrifuge power of

Elements from the universe. Problem-solving thinking & acting is mandatory.

- H) one may demand-within the limits of reasonableness-that Torture convention is carried out in society, making him or her a Healthy growing life on Planet Earth. Reasonable: delivered prove that the person or organization has the legal blocks Torture Convention builds and incorporates bundle technology.

Publishing legal building blocks on websites, to prevent Robot-AI secretly destroy a human being with discrimination, in all its manifestations.

- I) Man is responsible for whether or not to start Arbitration court procedures for ensuring individual Right; under bundle technology.

Article 13 right to private life in EPWS

Man decides for himself what is good in his or his own Particle Cloud system.

The following growth processes are individual: Learning skills for professional knowledge; feeling healthy during Life; Space bathroom processes in EPWS, where God of Space forces their Centrifuge testing strength in a human body; learning from mistakes ; Required error recovery systems; societal form for wisdom & happiness; culture on Location.

- a) human being is an adult at the age of 18 years (eighteen years).
Man independently arranges all matters. Some growth pitfalls between the ages 18 - 27 are recognized within the National Administration of a member state; Society on location in culture; within litigation. Criminal Young adults get a chance to error recovery, without punishment.

The arbitrage-bank judge can file the file of an 18 - 27 year old referral to the standard Court of the member state where the Young adults have a passport.

- B) Man is fully grown at the age of 27 years (twenty-seven years).
Humans have a fixed brain structure and are allowed to act as a steadfast person during court proceedings are labeled.

The A-judge asks the 27 plus year old person: does the A-court the case, or do you want to be referred to the standard Court of the Member State of your passport?

- C) an adult person speaks for a child-person under the age of 18 year-as soon as this child needs his or her own Particle cloud system defend against damage or death, on Planet Earth in Space.

d) A Child of 12 years of age and older may become an adult who defends his or her interests within the arbitration Court.

A human child may submit any kind of problem to arbitration. Court. The A-judge will assist the child in building Legally correctly constructed Torture Convention blocks, within bundle Technology.

The court decision for a child, drawn up by a judge is a growth stimulant.

The A-judge may refer the file of a child to the Standard Rights system, as soon as the child needs to be protected against adults and their criminal behavior.

e) the Arbitration Court works with a child-friendly written Procedure, with the aim of giving the child as much legal perform actions personally.

(f) A vulnerable or sick child is represented by a person, who is within the Landsbestuur administration registered as a parent or carer. If there are ambiguities, then does the adult person who handles the Tax Office apply to the Child's annual report.

Article 14 right to privacy within Data Centers-satellite World

It is up to the individual to decide whether or not he or she respects himself or herself. feels in Privacy within data centers; communication presentation on member state or grey black market table under UN-ICC-en – UN member states.

(a) the degree of *EQxIQ* intelligence in the person determines how a human being lives within his or her EPWS.

B) the communication wave - inherent to Man by passport number – rushes through own particle cloud system and merges with EPWS of National governance & fellow human beings for Evolution; on national territory from Mixfixir member state that provides passport. Or, on national territory of Mixfixir member state where he or she is visiting with body.

C) the communication wave determines whether or not a person feels strong and healthy It feels legally Correct. The individual works for his own Legal status on Land of passport, but can be obtained from this Tackling a foreign problem with The Torture Convention; for strengthening EPWS evolution.

D) the communication wave determines whether National Government and society can Experience the person as working legally correctly

Man.

E) the communication wave determines what quality of Zen torture treaty Property economy man builds; and, to what extent he or she a criminal method of Landsbestuur & Medemen tolerates.

A man who is too tolerant of criminals cannot expect that he or she can be secured on the Internet.

Criminals should be forced to abide by the ZEN Torture Convention Build property economy. Refuse this process starting and accomplishing it can be that a person is damaged or killed from the grey black market under UN-ICC-NL and others systems.

Humans are then co-responsible for criminal trials.

F) each member state Mixfixir makes national Robot laws and international Conventions for evolution of Technology.

A man who is too lazy to build a Torture Convention legal position within EPWS, should not expect that international law life can save the individuals under the Robot AI.

Article 15 right to life and death

Man has the right to life: from pregnancy to dying for recycle proces in Space.

a) pregnancy is life and building EPWS for a planetary existence Earth as a growing and independent individual.

A pregnant woman generates a private file for unborn child within National Administration administration of Member State Mxfxr.

B) for a baby, a husband and wife are needed; they are both responsible for the legal truth in the private file of the unborn child. An upcoming parent is allowed waive this responsibility in writing. There is always a need for 1 parent who is responsible for the starting ZEN Torture Convention property economics for unborn child and the born child.

C) bundle technology-Robot-AI does not have any power over it unborn child; also has no power over the born child-with a name for passport in a member state -.

(d) parents or guardians of a newborn child with severe health problems, may opt for natural death for the child, without the input of bundle technology.

e) every human being may die without interference of bundle technology.

Each person must be disconnected from all devices during a death process ... if Man so requests.

F) Mixfixir has as Axiom for dying: human body has a Life-long noisy with unknown Centrifuge force within EPWS. Man dies and is formally declared dead by a doctor. For this, Robot AI is given a form. The date of death Statement of the Doctor, is decisive for all matters surrounding the person that Planet Earth has left. Human-obligatorily linked to Centrifuge force in EPWS – remains raging inside after dying Bundle technology; this process can never result in doing reviving a human being.

Mixfixir assumes that a dead person can still haunt Earth, as long as not all particles of Man are recycled in the Universe. Ghost behavior may not result in reviving of Man. The passport expires. The private file inside State government is permanently closed.

G) national laws determine how the private file of a deceased Man must be processed during the closing of administrative processes around that person. Robot AI has no impact.

h) every human being has the right to die, from the age of 18 years. National Law of the member state determines which medical solution is afforded.

(i) Every human being has the right to life. Persons who suspect that they Will get sick before the choice process Live Or Die, can be in a formal registration system of National Government of their passport determine the circumstances under which a medical device is used. They want to die." This must not be a satellite kill by Robot – AI Bundle technology. As a society, we do not want self-thinking Robot that invents stories in evolution of psychosis... the death wish of a human being.

j) a sick child has the right to live or die. A sick child is allowed to go to the arbitration with an adult person- Court for claiming his or her choice.

Article 16 the law of nature

Nature is the fusion between man's own Particle cloud systems and all living things on Planet Earth, in universe.

a) man incorporates business processes that work Nature the ZEN Torture Convention properties economy. Working with this for balance between human and Healthy Planet Earth.

Our planet is healthy without the intervention of robotic AI – Bundle technology can provide everything human needs for

a long-term existence on earth, in good health.

B) Mixfixir regulates that nature lives in harmony with humans, in short timebars within earthly Trade time. For this we make land Treaties and national laws.

Evolution is God's will. In the year 2026, the balance sheet process is greatly undervalued. Human is obsessed with Bundle technology and forgets to listen to it Universe ... that deposits healing elements on Planet Earth for system recovery; in everything that rots.

One must assume that Robot becomes so violent ' that all The evolution of technology is at a standstill." Evolution meridians take power on Planet Earth and in humans & living beings for a system recovery.

C) Mixfixir labels Evolution time perception as a personal Space badkamer parcours in EPWS. The power of evolution meridians on Earth is an intensely complex thought process. Humanity hardly knows something from people-making ... or any Space production line.

d) Robot AI works with Evolution time awareness; bundle technology rusts and perishes. This process has an unknown impact on the Human body or existence of other living beings.

E) balancing earthly Trade time and Evolution time consciousness is evolution of Air picking; or, the optimization of existing Science on Earth, in the universe.

f) Mixfixir builds in evolution from modesty to air picks for Evolution of wisdom. Maintenance of EPWS, per person. Per Annual Ring. Per Torture Convention implementation, per dossier. For Evolution of everything & nothing. Where no one's evolution rules over evolution from someone, now no one knows what Air picking can accomplish bring.

Artikel 17 Giftige Robot – AI – Bundel Technologie

Data centers are full of lies about people with private file National administration; in the national territory of a member state whose passport delivers.

a) people have the right to determine which data about their own person must be removed from Software programs.

B) one may demand that all information-which has not come about with the help of Torture Convention implementation-will be restored until Torture Convention-proof life.

All forms of communication should Robot force it

To apply Torture Convention reasoning; This is 'man must Detaching criminals for exercising people's rights'.

- C) AI programs should not produce lies about humans.
Human beings should not be used for Games – books –unsolicited Art-communication on the Internet, which is not legally enshrined.
- d) one must assume that existing Wargame communication online will not provide security for body.
Man cannot see the suicidal Robot AI coming.
If Robot is fed for demolishing a human life, will Data Centers full of secret messages on grey black market. Even if One can contain the visible world on the table using Torture Convention property economy in ZEN wants ... remains the gray black market feeding the Robot with criminal assignments.
- e) a technology company that refuses data that is not Torture Convention - proof are published, being treated as Terrorist.
This company wants Robot to harm or kill humans.

Article 18 Space Industry

2026. Space industry within United Nations stands on a Biowapen Genocide Data platform. For insider trading for persons working within the UN-ICC Kingdom building.

the UN cannot continue to exist. Servers must be demolished.

- B) all Space companies and their national administrations must Rebuilding business processes into Torture Convention reality.
- C) Robot-AI Bundle technology must be programmed for saving human life or living beings in the universe, by paralyzing terrorists."
- D) A Terrorist Is, For bundle Technology, a human being who refuses to prove that he or she has violated the National Constitution-national laws-UN Charter-torture treaty-treaties-contracts.
- e) for the past 30 years, Space has been full of Genocide; this poison rattles in data centers. With devices worth 1000 euros, a clever criminal sabotaging the satellites for mass murder; it destroy Planet Earth.
- f) national team of space industry subject specialists need to work fast clean the Hardware & Software. Bioweapon data centers are closing. International Criminal Court-International Court of justice-UN corruption stop, starting from file OTP-cr-0407/07 ICC lawsuit against Kingdom of NL and UN countries / presidents / ambassadors. Here lies an important Space industry part in the gray black market.

There must be Space treaties with torture treaty coercion on National territory of a Member State Mixfixir.

the Lobby no longer exists. Robot turns all nonsense stories into attack systems for bundle technology.

Humanity has been forced by robots only to solve problems. think and communicate. Every nanosecond of the day.

Article19 Earthly Trade Time

We live & work with 3 types of time:

- 1. Earth Trade Time**
- 2. Evolution Of Time**
- 3. EPWS Space Badkamer Tijdbesef**

Earthly Trade time: the time as humanity knows it on the calendar and Clock; down to the nanosecond.

Evolution time consciousness: God's will or elements dance of Space Forces. Man in Nature lives on evolution meridians, which we "see" in terms of Years-Seasons-Months-Days. During our short life of 0-110 years old. But, people-making works with repair power, focused on some particles in bodies on Earth. We now know that God's will is repair course is; yet we cannot control the Universe time yet receive and indicate a schedule within earthly Trade time.

We give evolution Tijdbesef a synonym: the wind clock / Windballon on an earthly trading timeline.

Robot works more with Evolution time awareness than human can perceive. The black market also does this. This allows humanity to become in nature killed. This allows Planet Earth to trade on a short Earth Time Bar be burned.

EPWS space bathroom time awareness: we humans feel it; a Cleansing process or healing process on our inner Horizon.

We give space bathroom time consciousness a synonym: the inner voice / **DNA library in your own brain fluid / conscience / meditation.**

We assume that God or Space Forces dump fresh elements into Steering rod on light ring around our personality, which we must processing in all annual rings of our EPWS.

For Robot-AI-Bundle technology we use concepts such as Cleaning time & healing time.

Closure

Mixfixir has the task of keeping the young man alive under Technology. While the older generation wants to die for the kick in Robot genocide.

We live in the Internet Split. Countries and their technology companies are building systems ' that support themselves shutting down other parts of the Internet."

Keeping young people alive requires that the role of The International Criminal Court in the Netherlands is on the table and is being amended. Governments of UN member states are not prepared to do so.

They refuse to build evolution of civilization.

We are now going to clean up the bureaucracy from The Torture Convention.

This land treaty Mixfixir is legally valid for 5 years; after that we present a Fresh land treaty for real-world building Problem Solution within evolution of Technology, which demolishes man in Nature, on Earth.
